Deputy Director for Science and Technology

SUBJECT : Guidelines for Contracting with
U. S. Educational Institutions

REFERENCE : Memo dtd 21 June 67 to DCI
fr DD/S, same subject

1. On 12 July 1967 the Director approved the guidelines proposed in the referent memorandum for contracting with U. S. educational institutions. These are applicable immediately to all new contractual agreements and, under the terms approved by the Director, existing contracts and grants are to be conformed to the guidelines "as rapidly as feasible and wherever possible no later than 31 December 1967 for relationships that will extend beyond that date."

2. To carry out the latter task a committee is being established to review all existing contracts and grants and to determine what action, if any, needs to be taken with respect to them. John P. Blake, Deputy Director of Logistics, will chair the group and [] will act as the Security representative. In addition, each Directorate is to have a representative serve with the committee when it is considering contractual agreements of concern to that Directorate. I would appreciate your letting me know whom you wish to represent your Directorate on the committee.
